

BCLP DATA BREACH HOTLINE

OVERVIEW

Hackers don't stop working at 5:00... and neither do we.

Data breaches can and do occur at any time, day or night.

When a security breach occurs, preventing liability often means analyzing facts, identifying legal obligations, and taking steps to prevent or mitigate harm within the first minutes and hours of becoming aware of a breach.

That's why a lawyer from our global [Data Privacy and Security Practice](#) is on-call for clients whenever and wherever a breach occurs: 24 hours a day, 7 days a week.

Call an attorney on one of the following numbers:

BCLP DATA BREACH HOTLINE

+1 202 508 6136 (international)

+1 844 8BREACH (844-827-3224 toll free – US only)

+44 800 260 6669 (UK Freephone)
